

06-27-2009 Capabilities Statement,

Go Mini's Savannah-GOV Mobile Storage. One Dixie Street, Port Wentworth, GA 31407-1501
Phone 912-658-6360 Fax 912-964-9634.

Go Mini's Savannah-GOV makes moving and storing easier. Our business is locally owned and managed, and we have a 24 hour 7 days per week emergency call service. We service the coast from Beaufort, SC down to St Mary, GA and from Savannah out Route 16 to Dublin. Our service area includes Allendale, Beaufort, Hampton and Jasper Counties in South Carolina, and Brantley, Bryan, Bulloch, Camden, Candler, Chatham, Effingham, Emanuel, Evans, Glynn, Jenkins, Johnson, Laurens, Liberty, Long, McIntosh, Montgomery, Screven, Tattnall, Toombs, Truetlen, Wayne, and Wheeler Counties in Georgia. We bring the right size storage to your Agency building location or to your Prime contractor. Our units are steel frame, up off the ground and have protected ventilation so no moisture can get inside and condensation cannot form.

* MOBILE STORAGE BENEFITS. Time and cost savings are realized because you load it once and unload it once, not so with self storage or full service movers.

* MILITARY MOVING OR DEPLOYMENTS. They load the storage unit, we move or store it for them, then bring it back when they're ready. Oftentimes the spouse is left to do this alone, so having extra time to load & unload at ground level, and not having to drive a truck is helpful.

* RENNOVATIONS. Agencies renovating can use mobile storage. It's easier with furniture out of the way and supplies/materials can be securely kept on site.

* EMERGENCIES. After a flood, fire or storm damage, we respond to help the homeowner or agency office. They are often distressed by the event, but we provide them with a safe secure place for their most important belongings while the cleanup and restoration work begins.

* DISASTER RELIEF. Go Mini's Savannah is registered with GSA Southeast Region to provide temporary storage mobile storage in case of a disaster.

* CONSTRUCTION. During construction, use Go Mini's to secure and store valuable materials, appliances and fixtures is paramount.

* Federal Government sub contractor at Fort Stewart and Hunter AAF, GA and Paris Island, SC.

* County Prime contractor for Bryan and Liberty Counties, GA and Beaufort County, SC.

* City Prime contractor for City of Savannah, GA.

* Numerous commercial accounts, references upon request.

* Scored 95 on the Open Ratings April 2008.

We accept the GSA SmartPay 2 Cards, participate in Micro Purchases, Simplified Acquisitions and Full and Open Bidding.

Respectfully submitted,

Bob Schmelzer,
Government Sales Manager
